

e-MatriX 1300-400 I/II/III

BUILT IN

The Dimplex e-MatriX 1300-400 creates an exceptionally realistic fireplace experience by combining innovative Optimyst® flame technology with a sleek panoramic design. Featuring a wide 130 cm flame view and the appearance of a contemporary built-in fireplace, it brings the ambience of a real fire to modern living spaces without the need for gas or a chimney. Lifelike flames, a highly detailed log set, integrated crackling fire sound and adjustable top and bottom ambient lighting create a warm and inviting atmosphere, while the flame height can be tailored to suit your preferred mood. Available in single-sided, two-sided and three-sided configurations, the e-MatriX 1300 offers exceptional design flexibility and integrates seamlessly into a wide range of interior styles. Requiring no gas connection, flue or emissions, it provides a sustainable and future-ready alternative to conventional fireplaces. All functions can be controlled via the remote control or Dimplex e-MatriX App. With energy-efficient LED technology, intelligent self-diagnostic functionality and the choice of a fixed water connection or refillable water reservoir with pump, the e-MatriX 1300 delivers captivating three-dimensional flames and comforting heat whenever desired.

- **Ultra-realistic Optimyst® flame technology** – Lifelike three-dimensional flames created using water vapour.
- **Linear design** – Sleek panoramic fire experience with a modern and luxurious appearance.
- **Realistic log set** – High-quality log decoration for a rich and authentic look.
- **Smart control via app and remote control** – Easily adjust the ambience and settings from anywhere in the room.
- **Flexible water supply** – Choose between a fixed water connection or a refillable water reservoir with integrated pump.
- **Flexible configurations** – Available as front-facing, two-sided and three-sided to suit any interior.

Experience Better Living

3 installation versions. Can be built in as a 1, 2 or 3-sided fireplace.

Surprising by the floating flame and smoke effect and variable flame intensity.

New generation Optimyst technology, flame patterns by cold water vapour.

Flames and lamps use energy-efficient LEDs that require no maintenance.

Comes with a resin log set

The colours of the flame can be adjusted by using the Dimplex e-MatriX app.

Powerful fan-assisted heating by safe element that provides additional heating on demand.

Dimplex e-MatriX app available for smartphone.

Sound effect of crackling wood fire.

7 Day Programmable Timer
